Office of the County Executive
Monroe County, New York

Maggie Brooks
County Executive

Dear Friends:

As County Executive, I am fully committed to keeping our roads safe while protecting the lives of the residents of Monroe County. This is a collaborative effort, and together, the Monroe County Public Safety Department, Office of Probation and STOP-DWI work together with the Sheriff's Office and other law enforcement agencies across the region to prevent anyone from driving while intoxicated.

In 2009, our local law enforcement agencies made 2,836 drunk driving arrests. These arrests are a true testament to Monroe County's commitment to combating DWI. Each and every arrest makes our roadways a little safer.

The pain and anguish that DWI victims suffer through these devastating experiences lasts a lifetime. Through the Monroe County Victims Resource Center, victims are able to seek the assistance and support needed to help cope with tragedy. In addition, the County's STOP-DWI Education Program remains an effective tool in the prevention and education of the harmful impacts caused by driving while intoxicated.

Monroe County's continual hard work and dedication to preventing drunk driving is truly commendable. It is important to remember that every person with a driver's license has the opportunity to make this community a safer and better place by choosing not to drink and drive.

Sincerely,

A handwritten signature in black ink that reads "Maggie Brooks". The signature is written in a cursive, flowing style.

Maggie Brooks
Monroe County Executive

The 2009 Monroe County
STOP-DWI Annual Report is
dedicated to the following
DWI victims who
volunteered to serve on the
Monroe County DWI Victim
Impact Panel during 2009:

Lorie Brown
Jane Butera
John Chirinko
Mary Elkins
Chris Humphrey
Sue Merritt
Pete Navratil
Sarah Palermo
Sergeant Mark Philippy
Carol Preston
Michelle Rockow
Nilia Rohatsch
Officer John Sandle
Sergeant Phil Schultz
Bary Siegel

We would like to thank
you for continued
dedication and support.

MONROE COUNTY STOP-DWI Program

2009 OVERVIEW

Since 1982, the Monroe County STOP-DWI Program has served to educate the community regarding the dangers of impaired driving and provide funding to groups and organizations engaged in activities related to alcohol and other drug-related traffic safety. STOP-DWI is supported 100% by local fines collected from intoxicated drivers.

Monroe County STOP-DWI offers:

- Free anti-DWI programs including speakers and videos
- High school mini-grants to assist with alcohol and drug-free prom-time events
- An annual high school STOP-DWI poster contest
- Handouts and printed material
- DWI displays

Monroe County STOP-DWI supports the efforts of:

- Rochester Against Intoxicated Driving (RAID)
- Mothers Against Drunk Driving (MADD)
- Students Against Destructive Decisions (SADD)
- Finger Lakes Collegiate Task Force
- Monroe County / City of Rochester Coalition for Crime Victims
- Monroe County Office of Traffic Safety
- Parents Who Host
- The Seven Town Alliance

Monroe County STOP-DWI provides funding to:

- Monroe County law enforcement agencies
- Monroe County Office of Probation and Community Corrections
- Monroe County District Attorney's Office
- Pre-Trial Services Felony DWI Diversion Program and Day Reporting Center

This 2009 report summarizes information regarding the daily workings of the STOP-DWI Program and centralizes vital statistical data relating to the state of DWI in Monroe County.

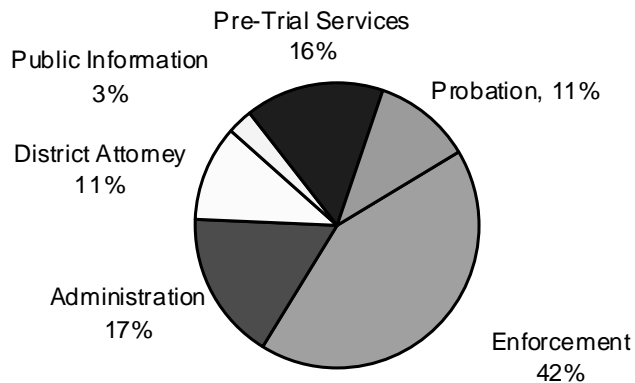

Please call the STOP-DWI Office at (585) 753-3011 if you would like additional information.

STOP-DWI

2009 PUBLIC INFORMATION AND EDUCATION

Displays: All STOP-DWI displays are comprehensive traffic safety displays held in conjunction with the Monroe County Office of Traffic Safety. During 2009, displays were exhibited at area schools, shopping malls, industries, fairs, and town halls where anti-DWI literature and novelties were distributed.

Exhibits: The “One Second, Everything Changes” exhibit was unveiled on November 18, 2008, and was displayed at Pittsford, Brighton, Webster, and Rush/Henrietta high schools reaching thousands of high schools students.

STOP-DWI Education Programs: During 2009, 135 programs were presented to 3,074 people. Thank you to all of the DWI victims/survivors who volunteered their time to these programs.

High School Mini-Grants: During the spring of 2009, a total of \$4,750 was distributed among 19 high schools for their alcohol-free and other drug-free prom-time events.

High School Poster Contest: The Monroe County STOP-DWI Program sponsored its annual STOP-DWI High School Poster Contest which generated 91 entries from 5 schools county-wide. Individual prizes for the two categories (graphic arts and non-graphic arts students) included \$250 for first place, \$100 for second place and \$50 for third place. The first place graphic and non-graphic arts posters became billboards, which were displayed in Rochester late December 2009. The award ceremony was held on May 21, 2009 at the County Office Building with County Executive Maggie Brooks presenting the awards.

STOP-DWI Law Enforcement Luncheon: The luncheon was co-sponsored by the Traffic Safety Board which was held at Rick’s Prime Rib House on March 4, 2009. Three departments received awards for their efforts in the DWI arena: Greece Police Department, Ogden Police Department, and Webster Police Department. Individually, 40 officers were chosen by their departments to receive awards for their outstanding efforts to combat the problem of DWI.

Introducing Parallel Justice: Susan Herman presented the concept of Parallel Justice to over 35 Victims Assistance Advocates located throughout Monroe County. The training was sponsored by the Monroe County STOP-DWI Program during Crime Victims’ Rights Week 2009.

Victim Impact Panel Appreciation Dinner: Approximately, 75 people attended the STOP-DWI hosted dinner at Rick's Prime Rib House on November 30, 2009. All the DWI Victim Impact Panel and community education program volunteers were invited. The gratitude offered to volunteers for their support and willingness to share their personal experiences is grossly understated and cannot be expressed to a satisfactory level.

"Lights on for Life" Motorcade: The annual motorcade was held December 5, 2009 with over 30 vehicles participating. Rochester Against Intoxicated Driving (RAID) co-sponsored the event and donated refreshments.

Media: The STOP-DWI Program participated in a variety of media coverage during 2009 such as: Law Enforcement Luncheon, Victim's Rights Week March, Safe and Sober Press Conference, High School Poster Contest, Crackdown Weekends Press Conference, and the "One Second, Everything Changes" Exhibit. This program appreciates the support the media has given in delivering our important message to drive safe and sober.

LAW ENFORCEMENT

Monroe County DWI/DWAI arrests totaled 2,836 in 2009, which is a 3% decrease from the 2,937 arrests made in 2008.

Monroe County Law Enforcement Agencies received a sum of \$425,315 from the STOP-DWI program in 2009 for use in their DWI enforcement efforts.

According to New York State Law, an individual is Driving While Ability Impaired (DWAI) if his/her blood alcohol concentration (BAC) is between .05% and .07%. He/she is considered Driving While Intoxicated (DWI) if their BAC is .08% or higher. He/she is considered Driving While Ability Impaired by Drugs (DWAI-D) if the driver is impaired by drugs.

MONROE COUNTY DWI ARRESTS 1999-2009

OFFICE OF PROBATION AND COMMUNITY CORRECTIONS

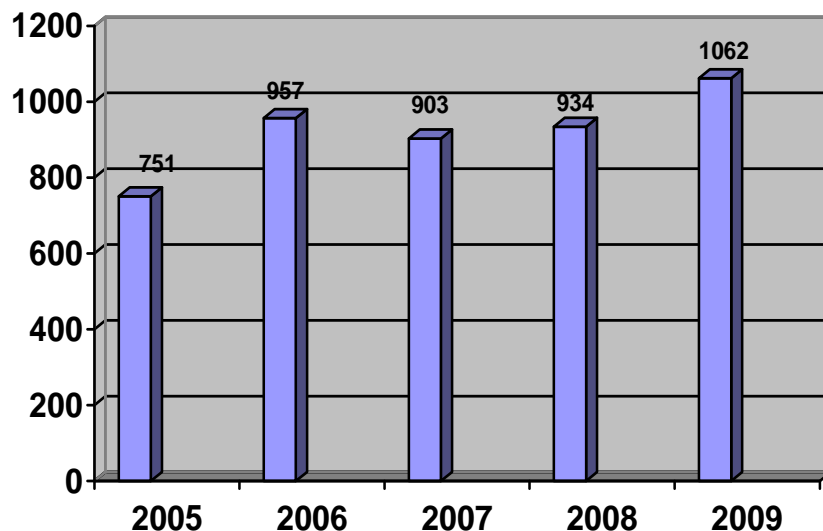

The Monroe County Office of Probation - Community Corrections received \$104,899.00 from STOP-DWI in 2009. These funds supported the services of the DWI Felony Unit. During 2009 this unit supervised 1,062 offenders.

The DWI Felony Unit is comprised of six Probation Officers and one Senior Probation Officer. The unit supervises probationers identified as the most high-risk DWI-Felony offenders. Probation Officers assigned to this team maintain specialized caseloads in order to provide enhanced supervision. This includes surveillance, unscheduled field visits, close monitoring of treatment progress, more frequent contact with probationers and family members, and increased Alco-sensor testing and urine screening.

Overall, the Office of Probation supervised a total of 2,363 DWI offenders during 2009 which included 1,301 misdemeanor DWI offenders. Currently this office oversees 104 offenders that are using Ignition Interlock devices. Violations of Probation were filed on 326 offenders who failed to comply with Probation. Sanctions included prison, jail, jail weekends, jail work weekends, electronic monitoring, community service, and judgments ordered for unpaid fines and surcharges.

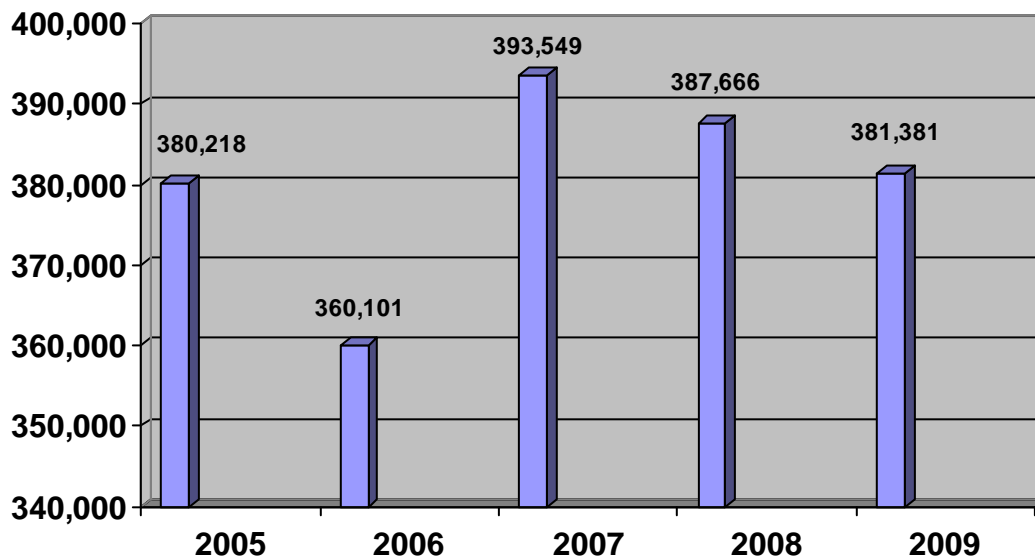

Further, this Office supervised two Vehicular Assault 2nd offenders, two Vehicular Manslaughter 2nd offenders, and over 200 Aggravated Unlicensed Operator offenders.

Offenders Supervised by Felony DWI Unit

In 2009 the Office of Probation collected a total of \$381,381 in DWI fines.

Fines Collected in Thousands of Dollars

Surveillance

Probation Officers frequently conduct surveillance on DWI offenders to ensure compliance with the conditions of probation. DWI Surveillance details are assembled to target offenders deemed at risk for repeated offenses. In 2009 six DWI Surveillance Details comprised of 60 Probation Officers conducted surveillance on 226 offenders.

The details were conducted with the goal of enforcing conditions of probation prohibiting unlicensed operation of a motor vehicle and the consumption of alcohol. During office visits, Probation Officers conduct walking surveillances of probationers, to see if they have driven to the building. Probationers are monitored at their homes, jobs, and other locations in the community during the day and night, weekdays, and weekends.

Random Alco-sensor tests are routinely conducted during office and home visits on all probationers but especially those deemed to be a risk for potential alcohol abuse. Alco-sensor tests enable officers to confirm the absence or presence of alcohol, and if appropriate, to quickly intervene through either a Violation of Probation and/or suitable treatment alternatives. Urine-screen tests are also conducted in the office to detect the use of marijuana, cocaine, amphetamines, and morphine-based drugs. Early detection and expedient intervention further protects the community and enhances public safety. In 2009 Probation Officers conducted Alco-sensor testing for two STOP-DWI Check Point Details resulting in several arrests for DWI.

The Office of Probation - Community Corrections is committed to continuing surveillance of high-risk probationers convicted of DWI offenses. The Office remains highly motivated to pursue the mission of ensuring public safety through vigorous supervision of sentenced offenders, particularly those sentenced to probation for DWI offenses.

DWI VICTIM IMPACT PANEL

The Monroe County DWI Victim Impact Panel (VIP) consists of three or four DWI victims who address an audience of DWI offenders about the drunk-driving crashes in which they experienced injury or a loved one was killed. A law enforcement officer may also serve as a panelist alongside the victims. The goal of the Panel is to deliver a message to change the behavior of the drinking driver; therefore, to save lives. This does not replace conventional sentencing, but supplements it. The VIP is self-sufficient through fees collected. In 2009, the \$36,631 collected in fees was allocated to expenses related to the Victim Advocate, Victim Honorarium, Probation, and other expenses.

The first DWI Victim Impact Panel was held in Monroe County in January 1992. The Panel is offered as a sentencing tool for all DWAI and DWI offenders.

Felony Case Activity for 2009 was categorized by the District Attorney's Office as follows:

- 827 Felony Arrests
- 148 Felony cases accepted by Pre-Trial Diversion Program
- 679 Cases kept for felony review (includes 22 defendants that failed, declined to participate, failed to complete, or later withdrew voluntarily from the Pre-Trial Diversion Program)
- 323 Misdemeanor Dispositions: Includes plea offers made on felony cases after successful participation Pre-Trial Diversion Program, as well as misdemeanors due to no prior felony conviction
- 140 Pre-Trial Favorable Termination: Number of defendants successfully completing the Pre-Trial-Diversion Program during the year

PRE-TRIAL SERVICES CORPORATION

PRE-TRIAL FELONY DWI DIVERSION

Felony DWI Diversion is a deferred prosecution program whereby all criminal proceedings are delayed while the client engages in a planned treatment program. The client is monitored in the treatment program over a six to eight month period. Participation is voluntary and clients must agree to immediately surrender their driver's license upon entering the program and pay a program fee, if financially able. Clients are screened through the District Attorney's DWI Bureau before referral to the Diversion program.

Successful completion of Felony DWI Diversion is based on the client's ability to demonstrate significant attitudinal and behavioral change, and results in an offer to plead to a misdemeanor in satisfaction of the felony charge. If the client fails to follow through on the treatment plan and the Diversion contract requirements, the case is returned to court for prosecution. Diversion is offered only once.

Pre-Trial Felony DWI Diversion received \$55,447 in STOP-DWI funds in 2009. One hundred and forty-eight cases were seen for intake in 2009. 113 cases or 90% of all terminations were closed successfully in the year.

Pre-Trial Services is committed to providing effective intervention with multiple DWI offenders and will continue to measure the long-term outcomes for the Felony DWI Diversion Program.

WEEKEND DWI SENTENCE PROGRAM AT THE DAY REPORTING CENTER

Structured to provide a sentencing option for those convicted of DWI, the Weekend Sentence program offers an intervention-focused approach. Those sentenced to this program attend structured classes from Friday night through Sunday evening, addressing important issues such as alcohol abuse, personal responsibility and reducing risk-taking behaviors. Judges sentence offenders for a specific number of weekends. Clients are required to pay fees to help support the program. Both attendance and client progress are monitored closely by the staff and reported back to the court.

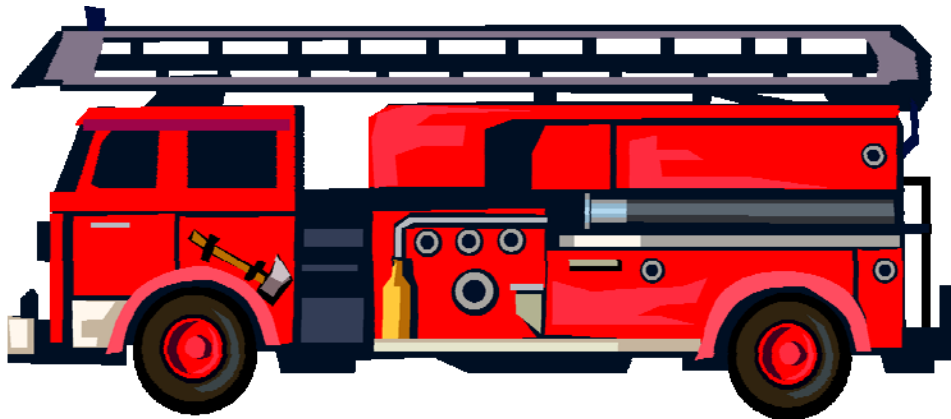

During 2009, 107 clients were sentenced to the program. Of those who completed within the year, 95% did so successfully. The average number of weekends spent in the program was eight.

STOP-DWI funds supplied \$107,633 to support this sentencing option in 2009.
